QRS 86 (TCP/IP)

Technical drawing of a mechanical part with dimensions and a blue rectangular feature. The drawing shows a rectangular plate with overall dimensions of 150mm by 100mm. The central feature is a square with a side length of 72mm, outlined in blue. The square has a central hole with a diameter of 5mm (Ø 5mm) and a fillet radius of 10mm (R 10mm). The square is positioned 39mm from the left edge and 75mm from the right edge. The top edge of the square is 16mm from the top edge of the plate, and the bottom edge is 68mm from the bottom edge of the plate. The square is also 16mm from the left and right edges of the plate. The drawing includes dimension lines and labels for all measurements.
